

**predicted risk-taking
trial-level model**

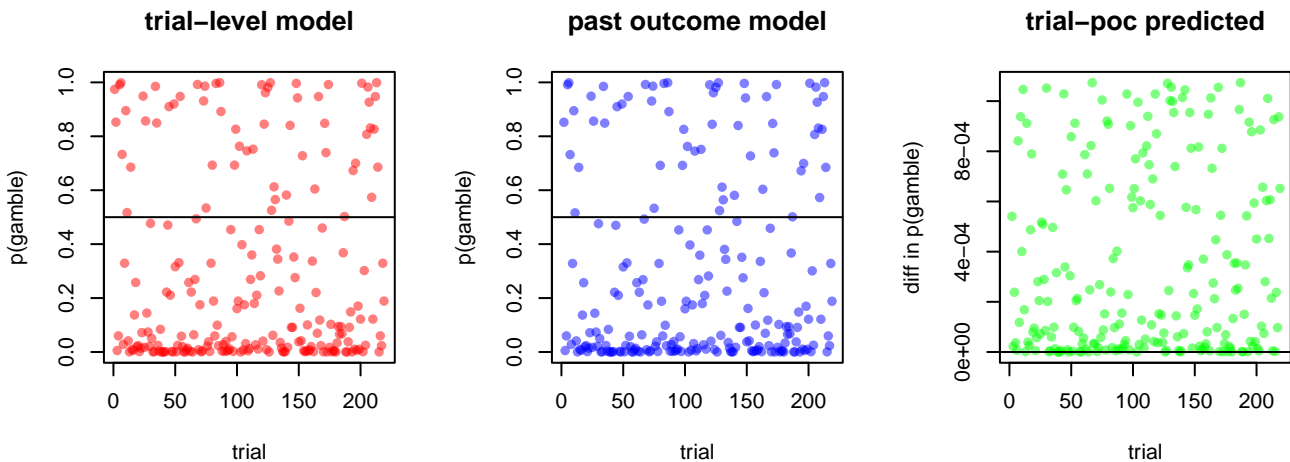

**predicted risk-taking
past outcome model**

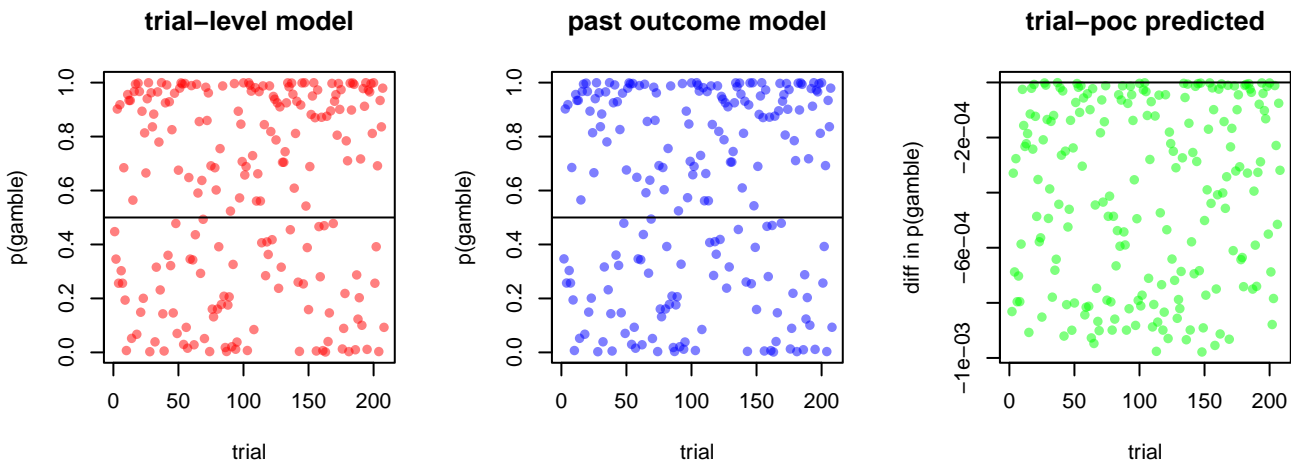

Model differences
trial-level – past outcome

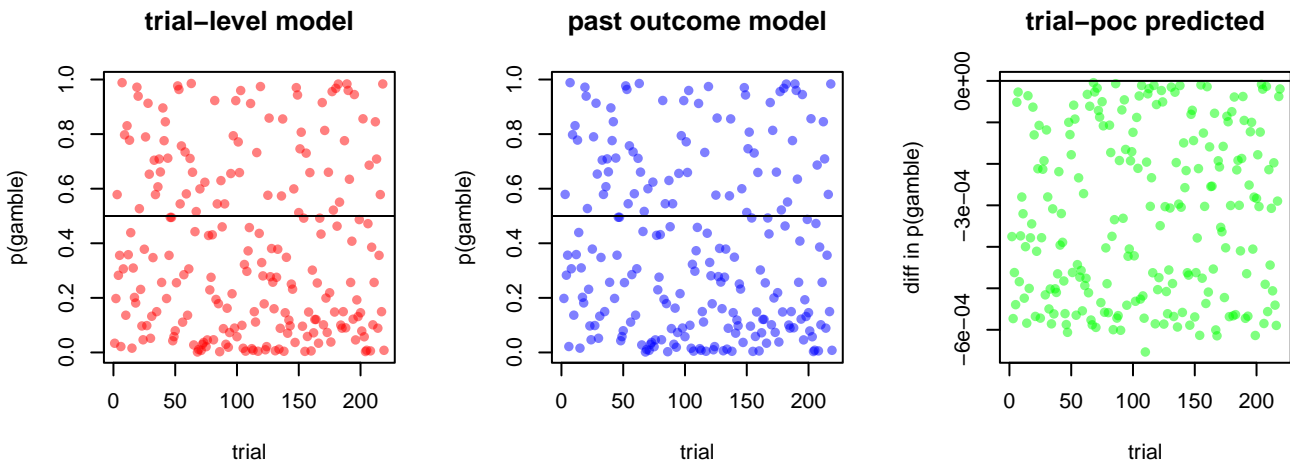

Predicted risk-taking: trial level vs. past outcome models, sub 1

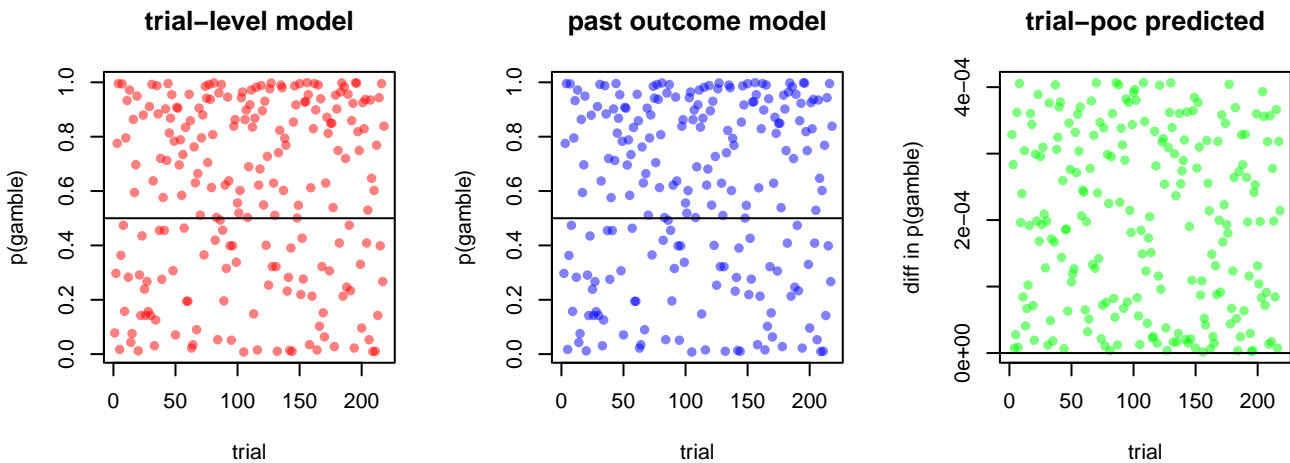

Predicted risk-taking: trial level vs. past outcome models, sub 2

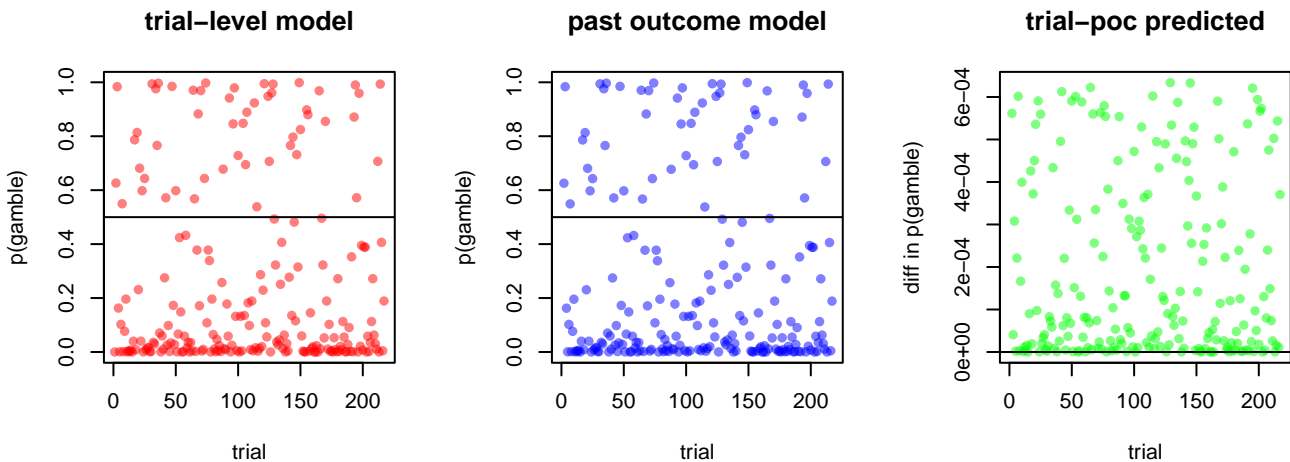

Predicted risk-taking: trial level vs. past outcome models, sub 3

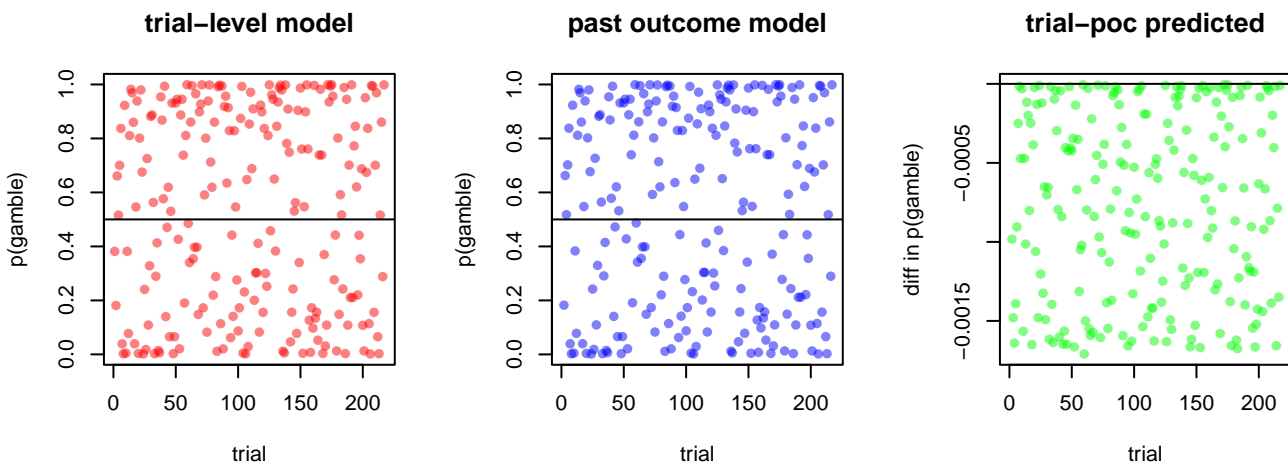

Predicted risk-taking: trial level vs. past outcome models, sub 4

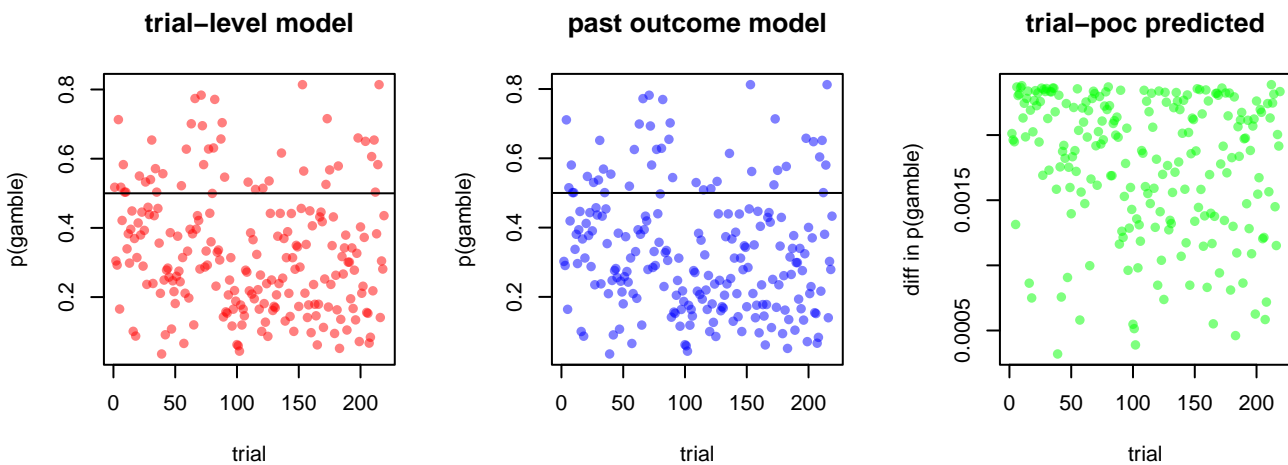

Predicted risk-taking: trial level vs. past outcome models, sub 5

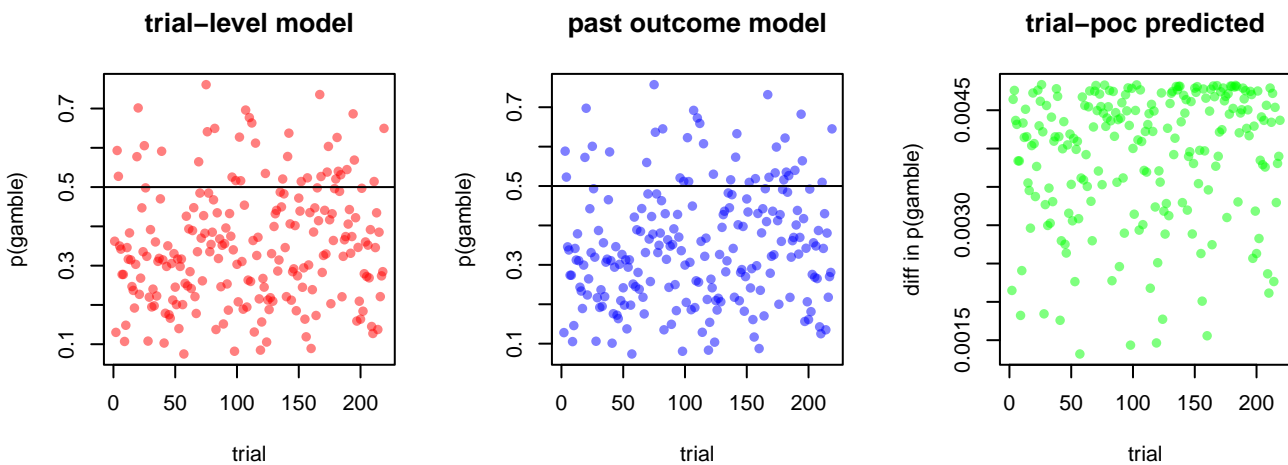

Predicted risk-taking: trial level vs. past outcome models, sub 6

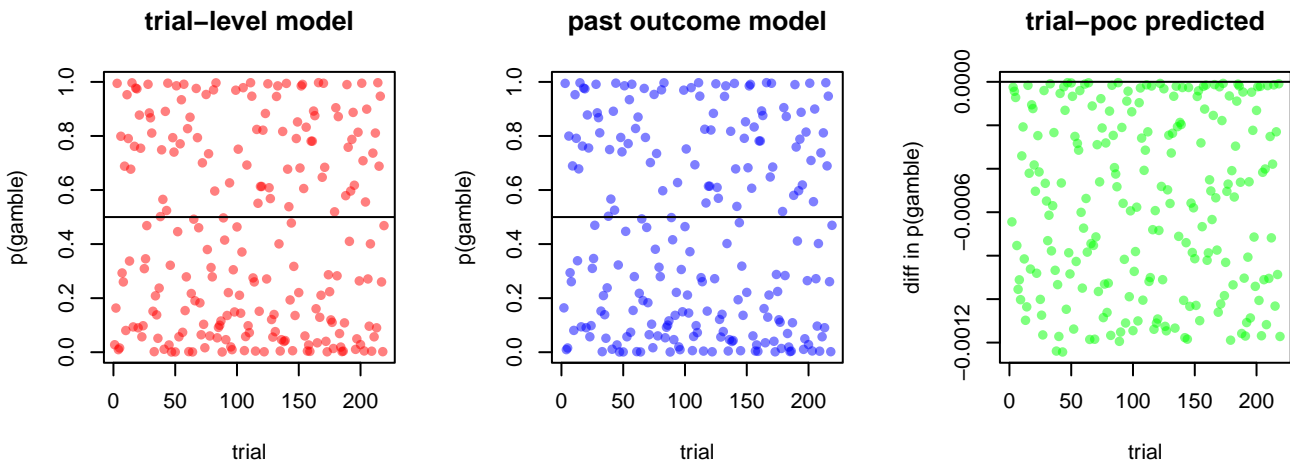

Predicted risk-taking: trial level vs. past outcome models, sub 7

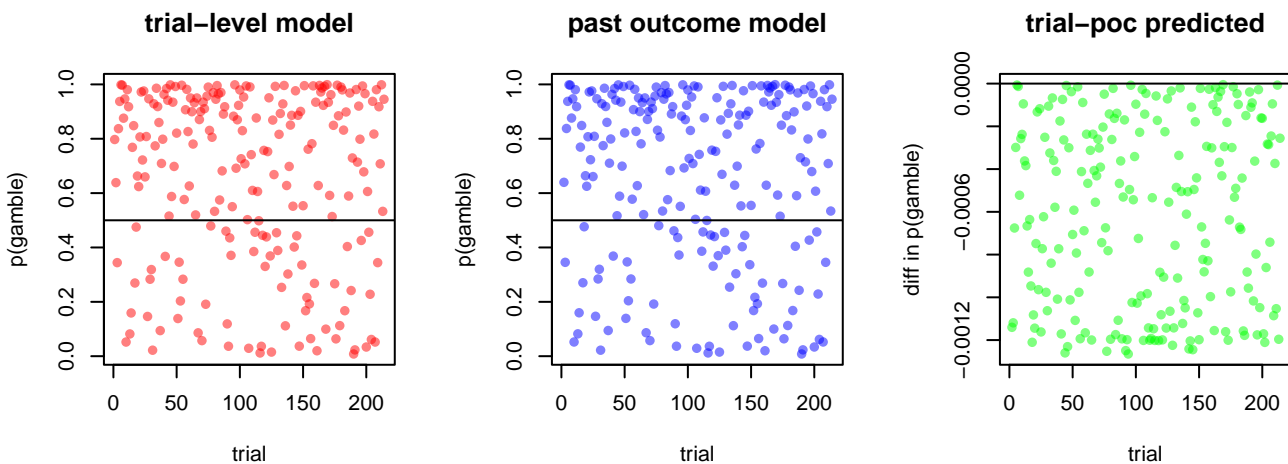

Predicted risk-taking: trial level vs. past outcome models, sub 8

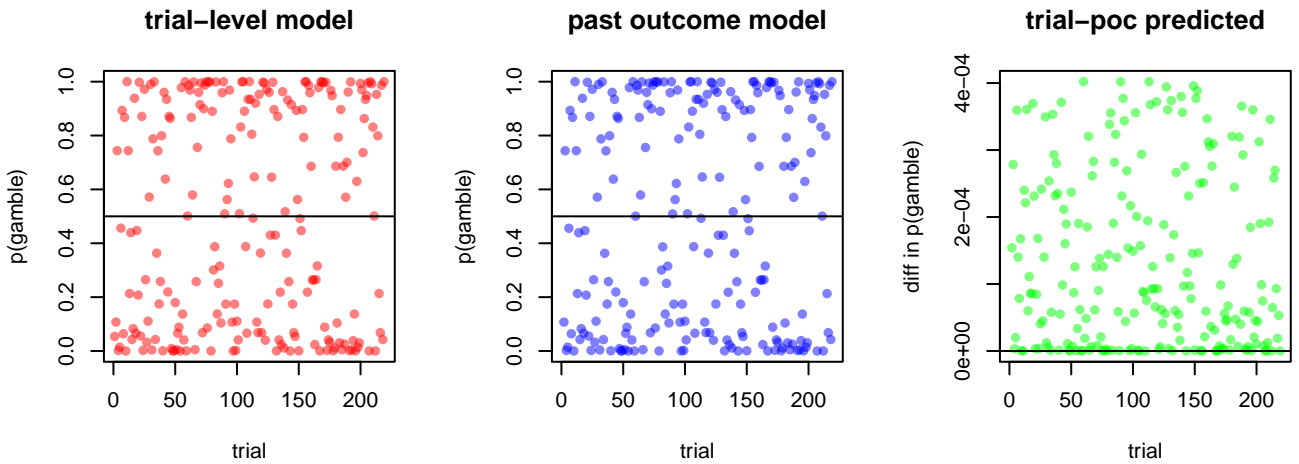

Predicted risk-taking: trial level vs. past outcome models, sub 9

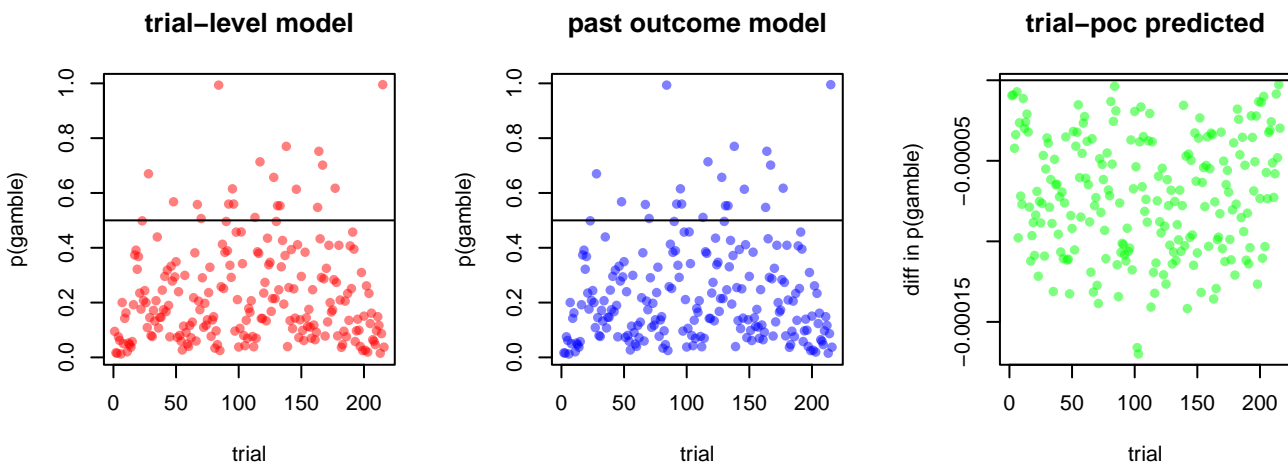

Predicted risk-taking: trial level vs. past outcome models, sub 10

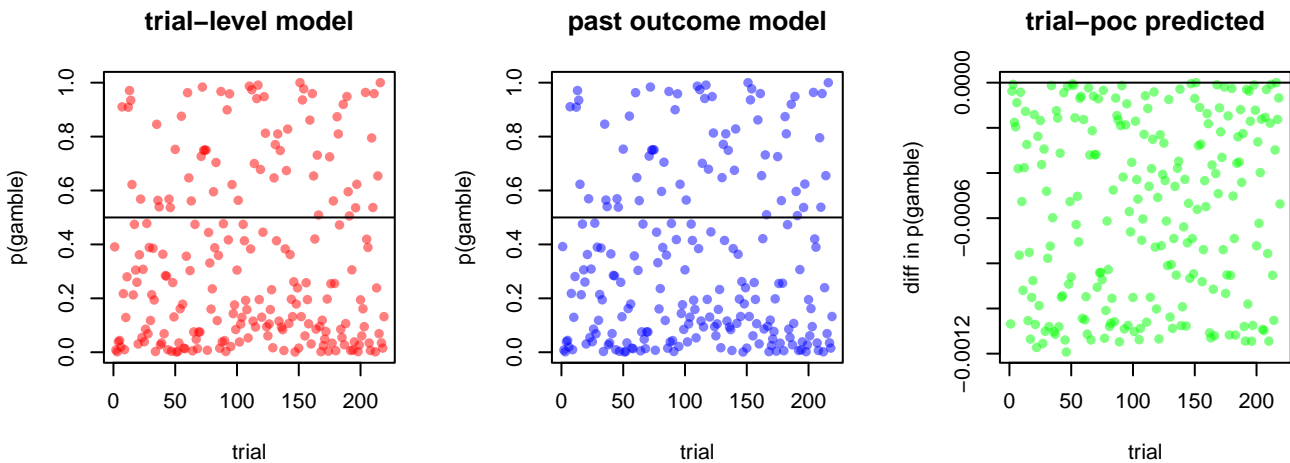

Predicted risk-taking: trial level vs. past outcome models, sub 11

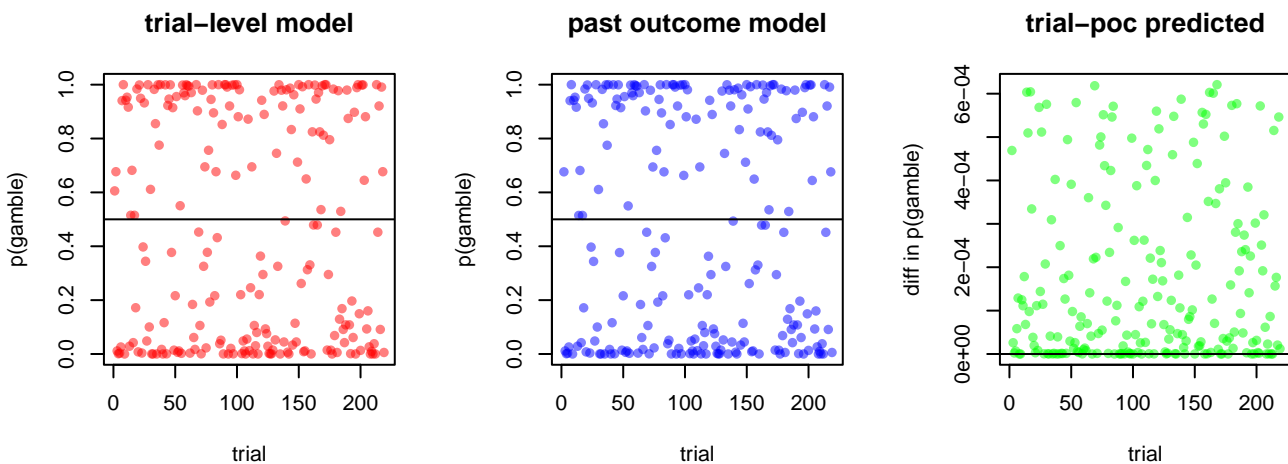

Predicted risk-taking: trial level vs. past outcome models, sub 12

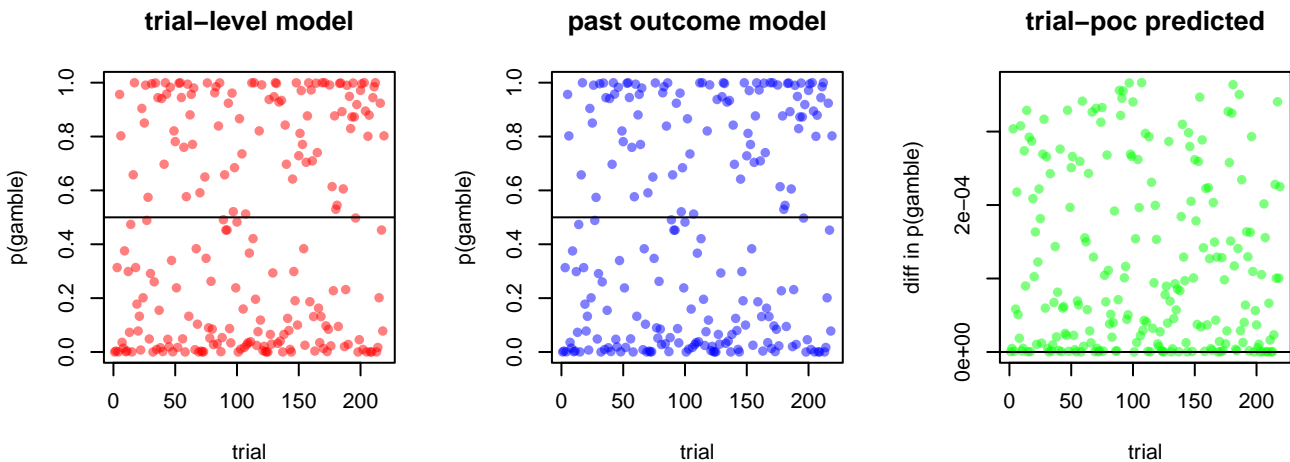

Predicted risk-taking: trial level vs. past outcome models, sub 14

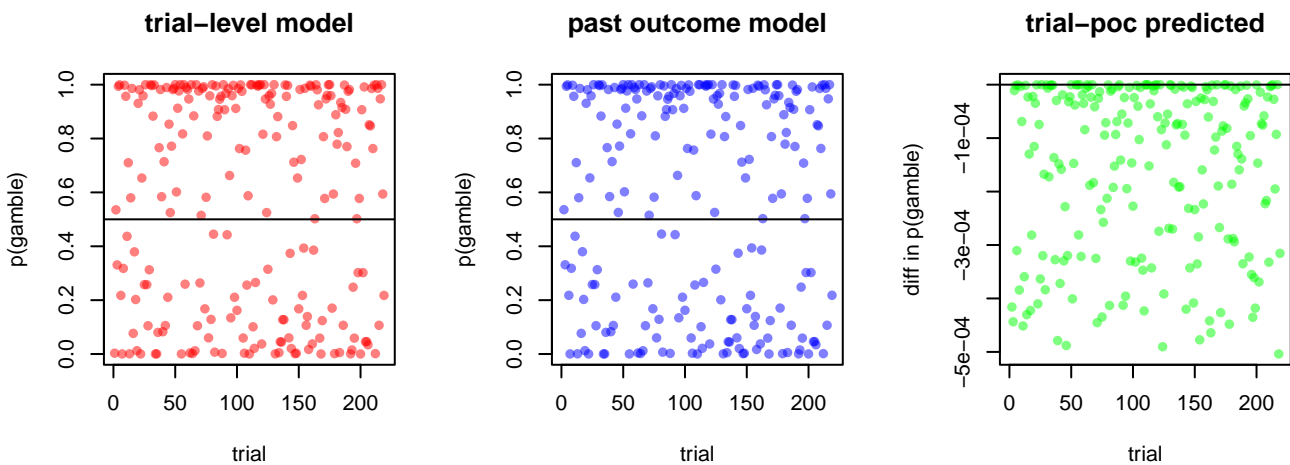

Predicted risk-taking: trial level vs. past outcome models, sub 15

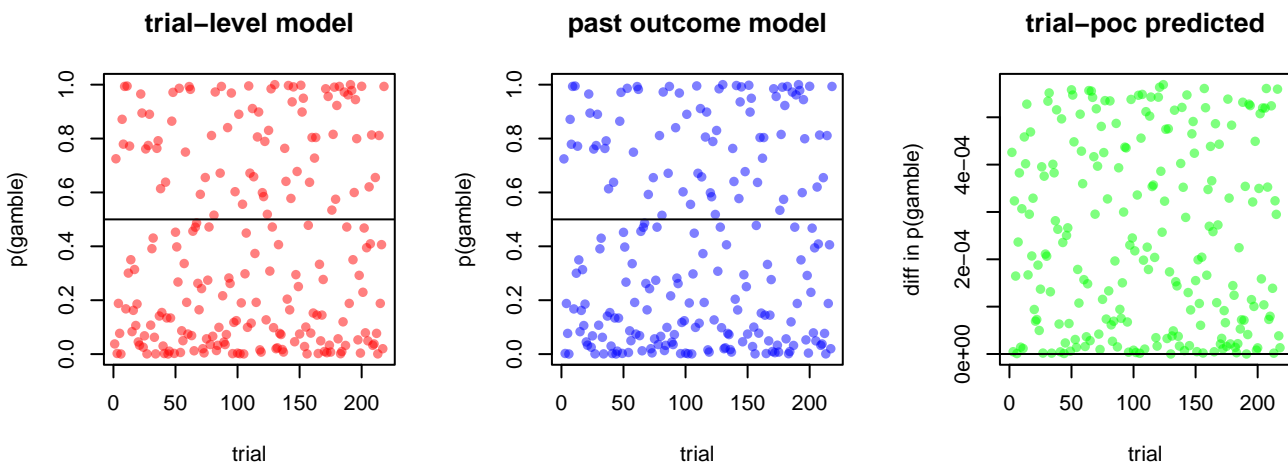

Predicted risk-taking: trial level vs. past outcome models, sub 17

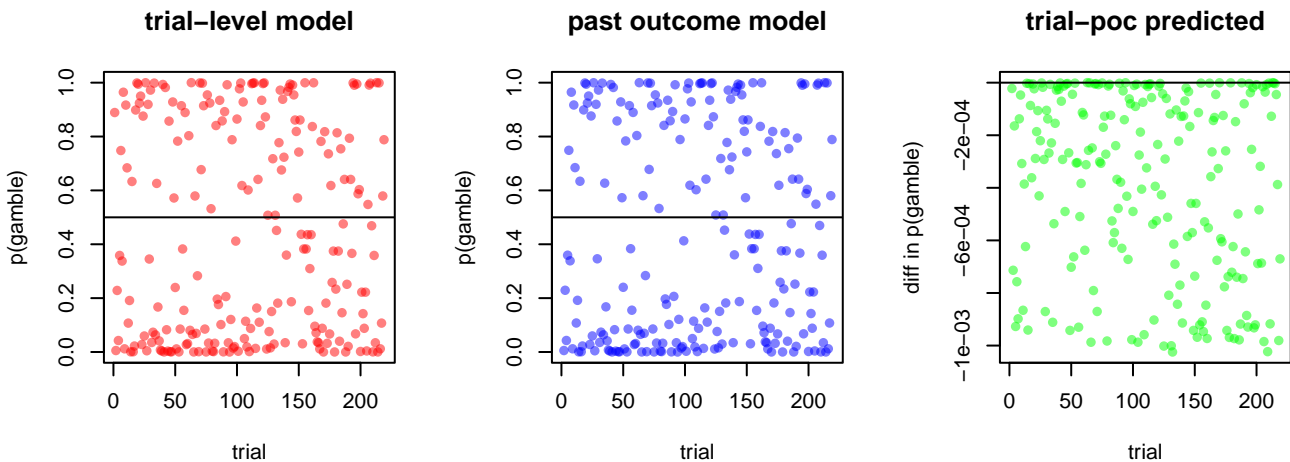

Predicted risk-taking: trial level vs. past outcome models, sub 18

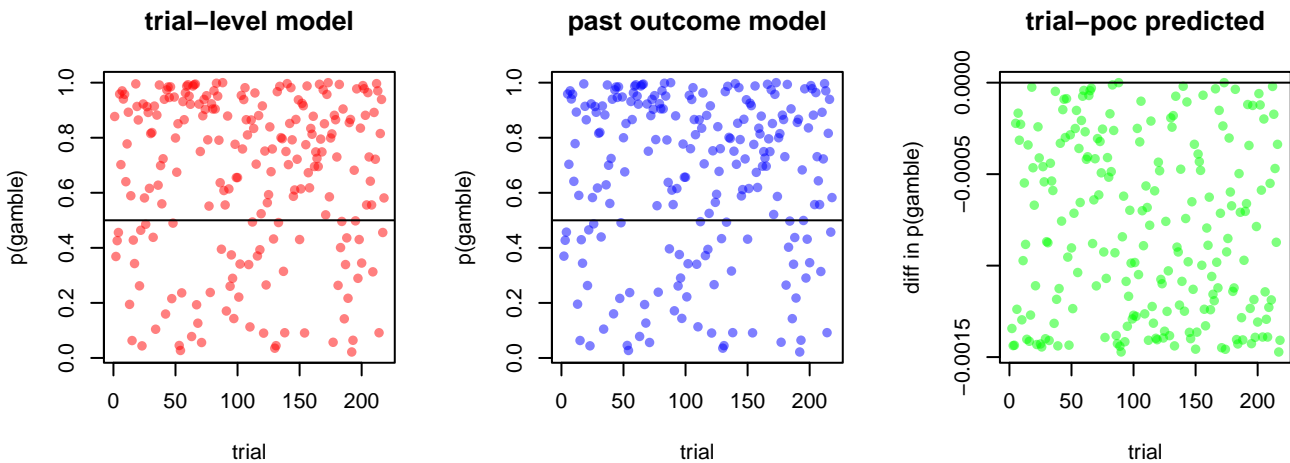

Predicted risk-taking: trial level vs. past outcome models, sub 19

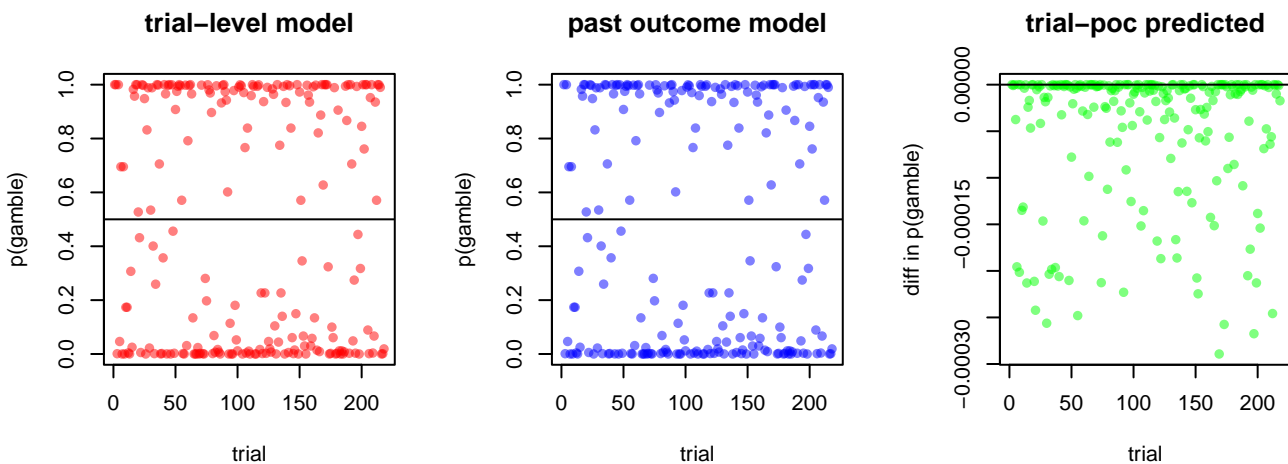

Predicted risk-taking: trial level vs. past outcome models, sub 20

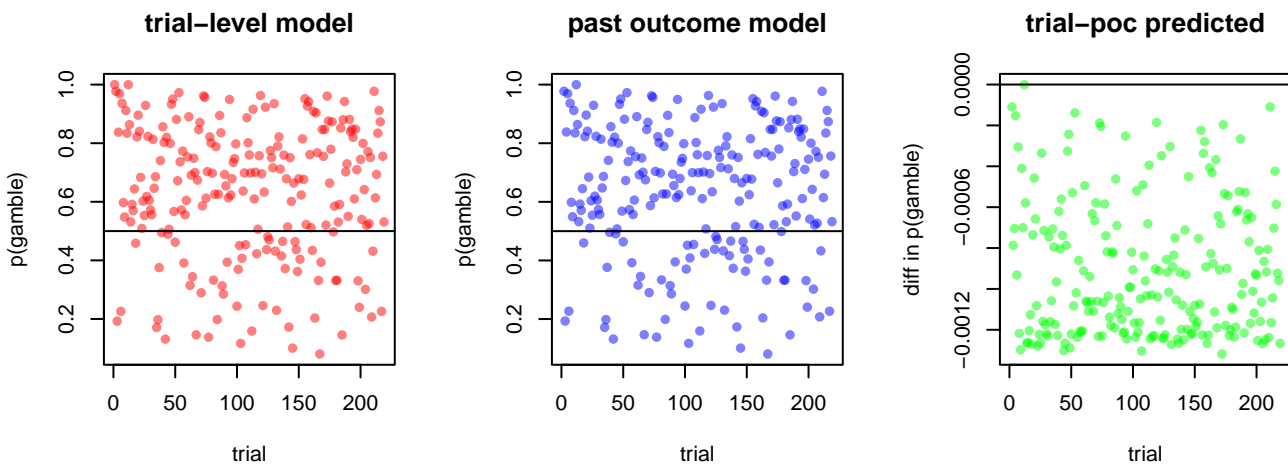

Predicted risk-taking: trial level vs. past outcome models, sub 21

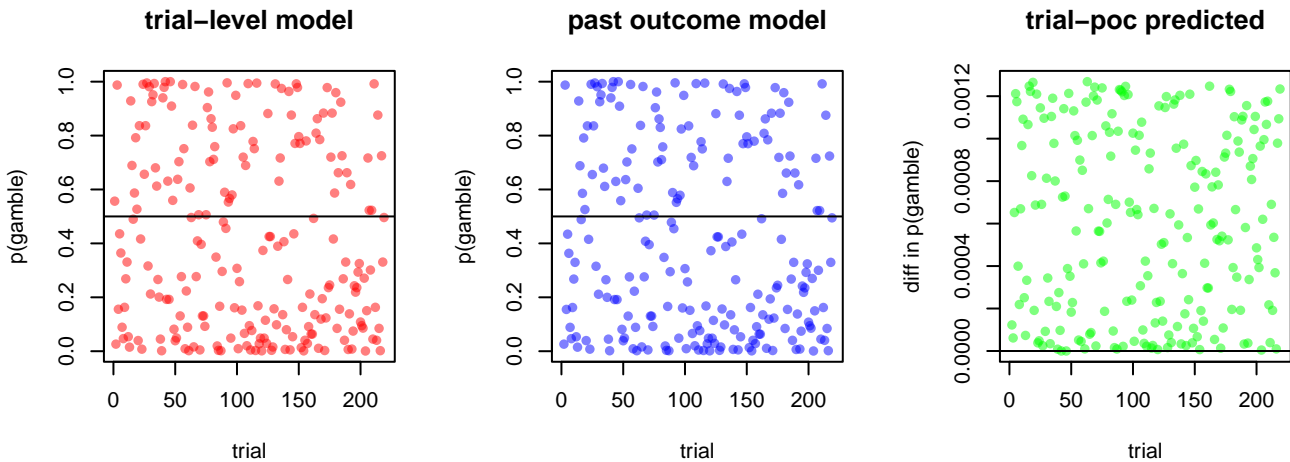

Predicted risk-taking: trial level vs. past outcome models, sub 22

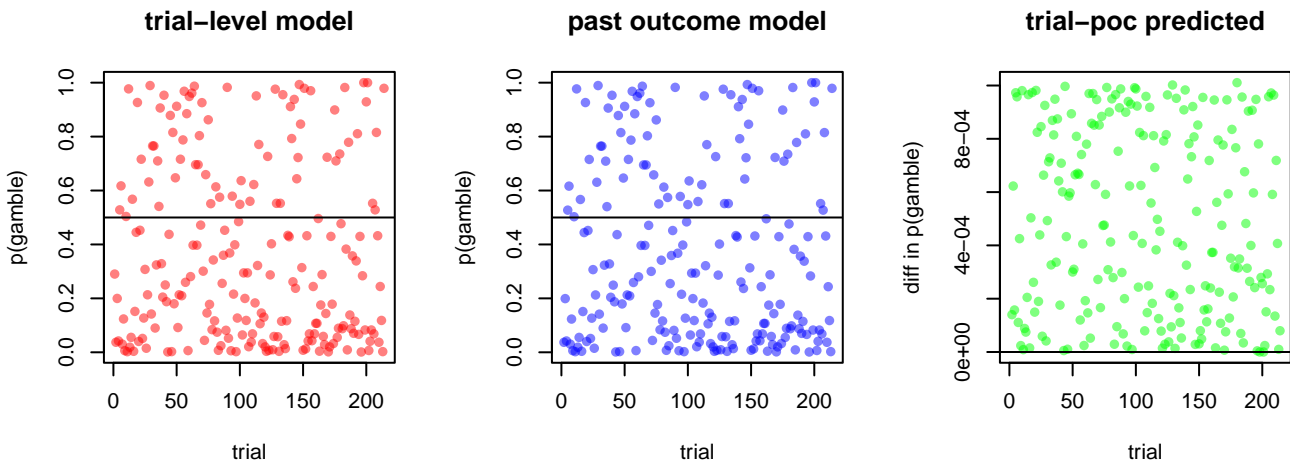

Predicted risk-taking: trial level vs. past outcome models, sub 23

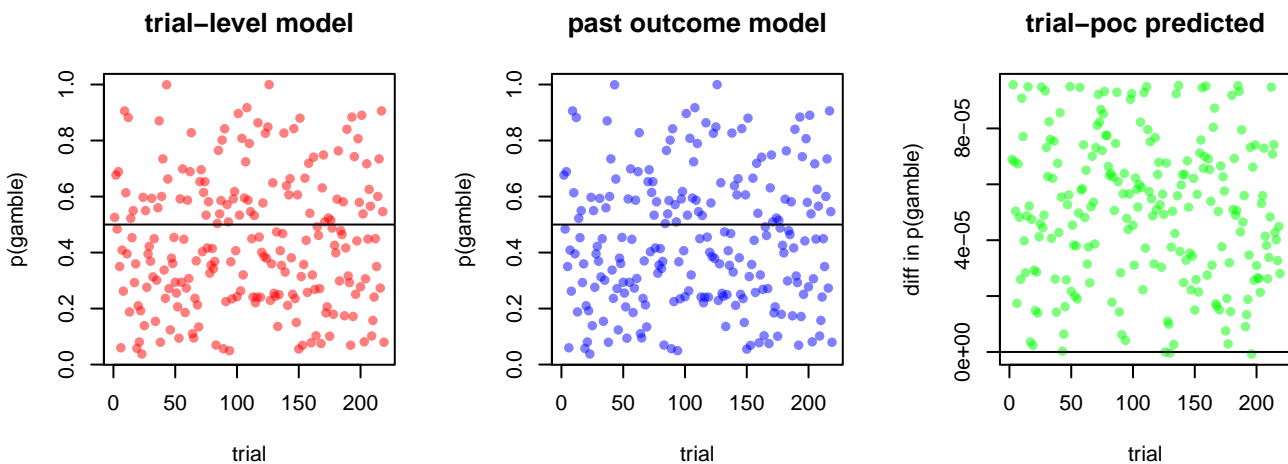

Predicted risk-taking: trial level vs. past outcome models, sub 24

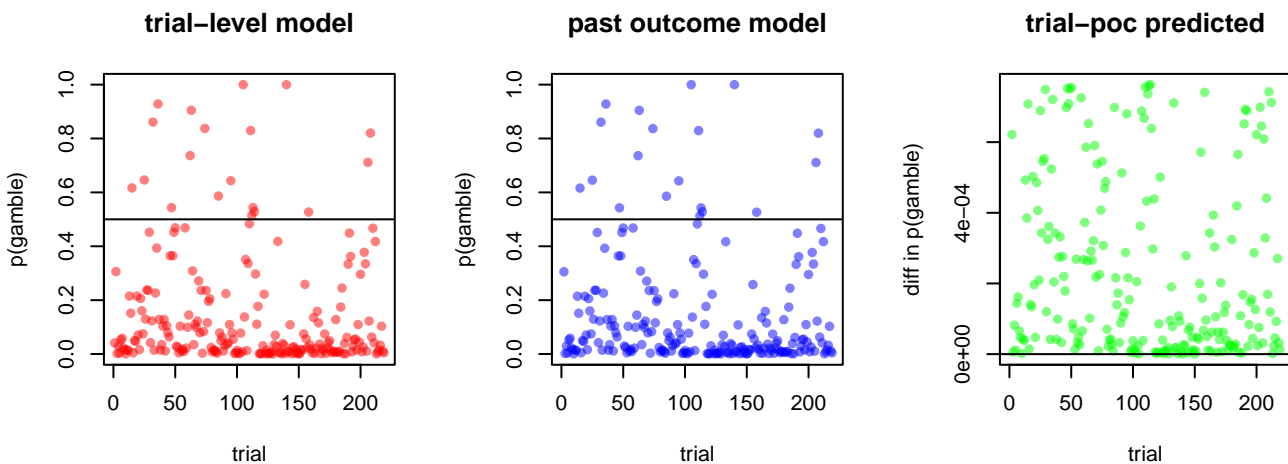

Predicted risk-taking: trial level vs. past outcome models, sub 25

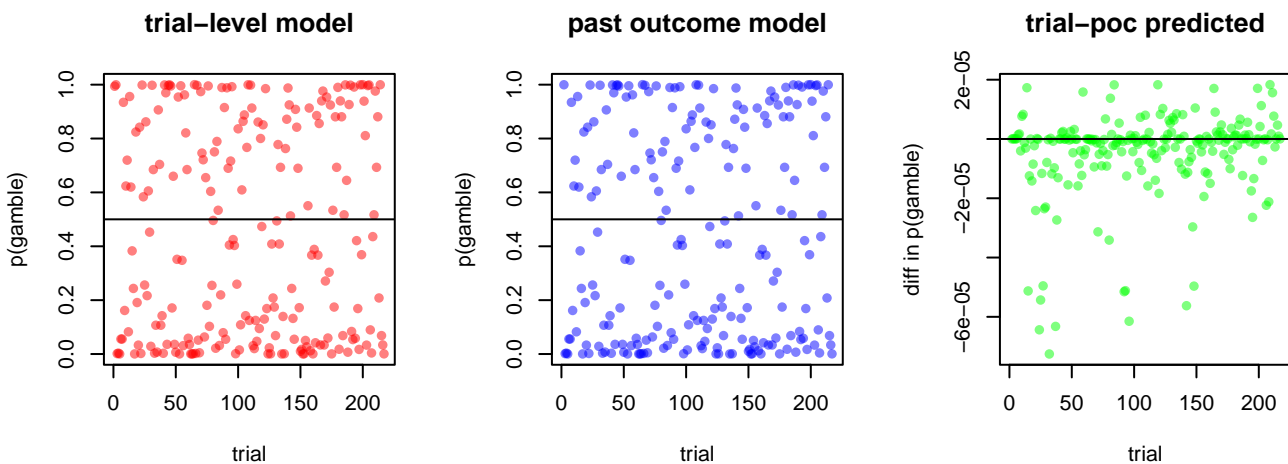

Predicted risk-taking: trial level vs. past outcome models, sub 26

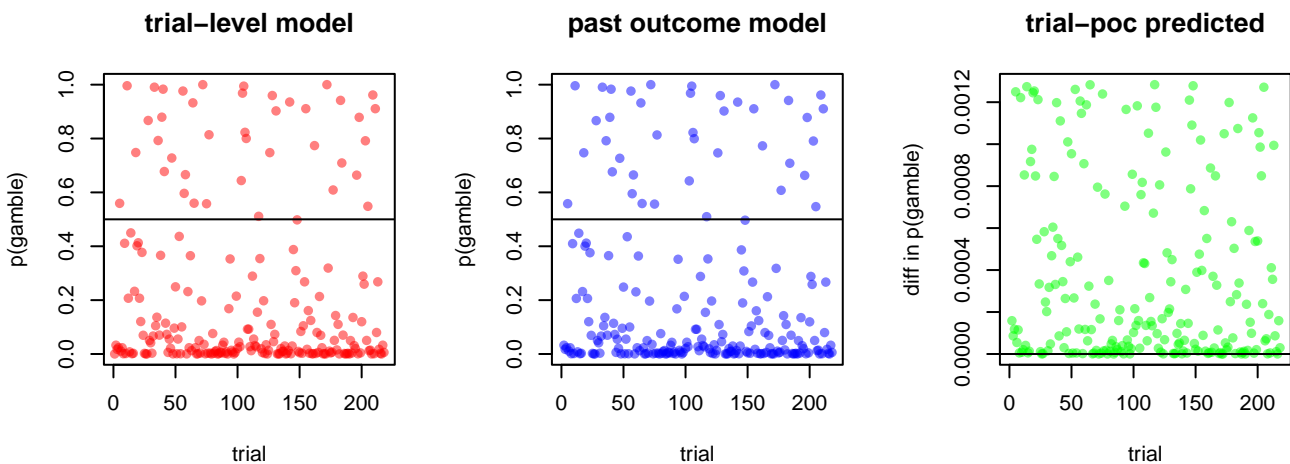

Predicted risk-taking: trial level vs. past outcome models, sub 27

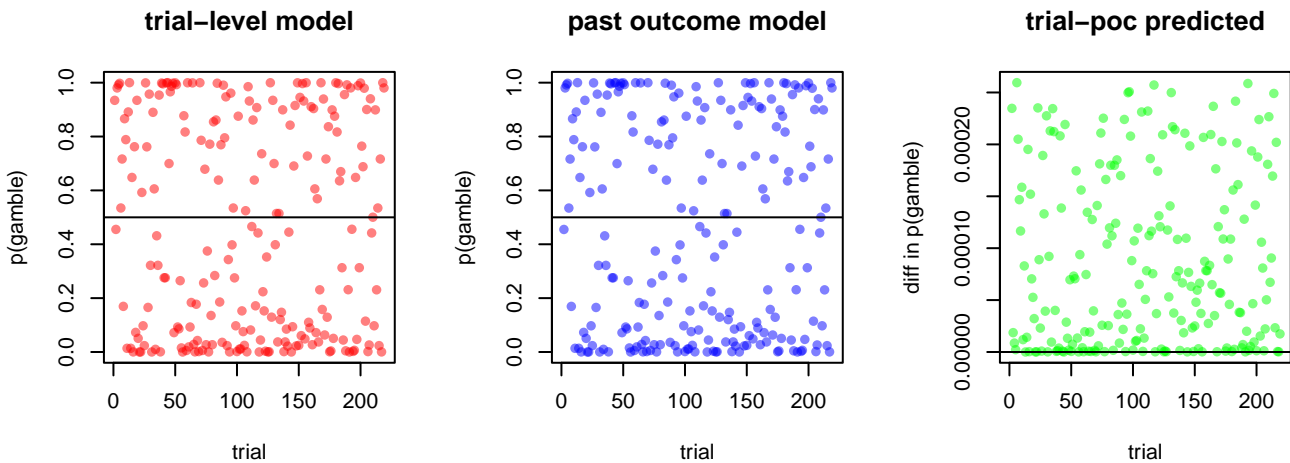

Predicted risk-taking: trial level vs. past outcome models, sub 28

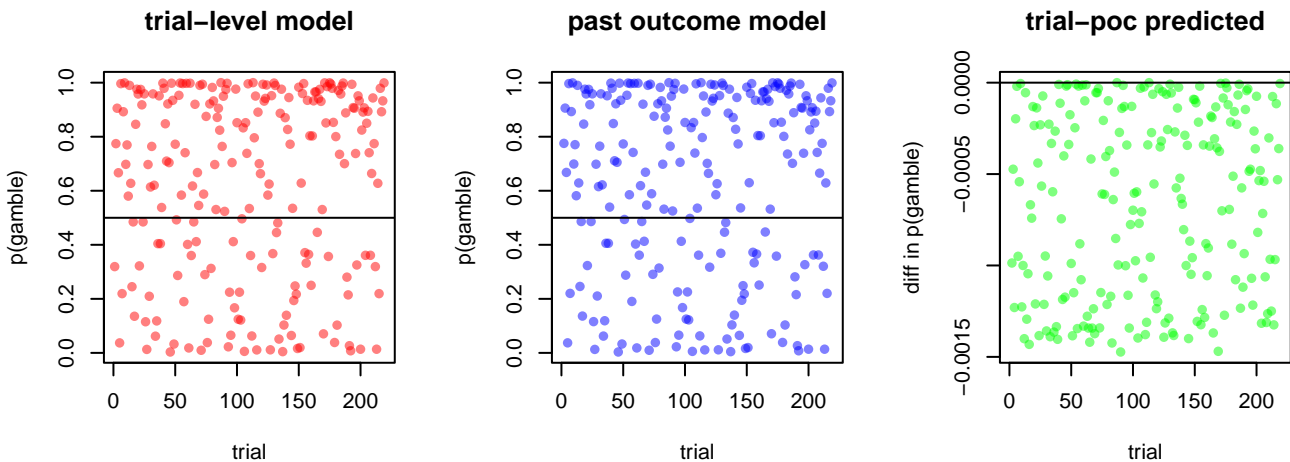

Predicted risk-taking: trial level vs. past outcome models, sub 29

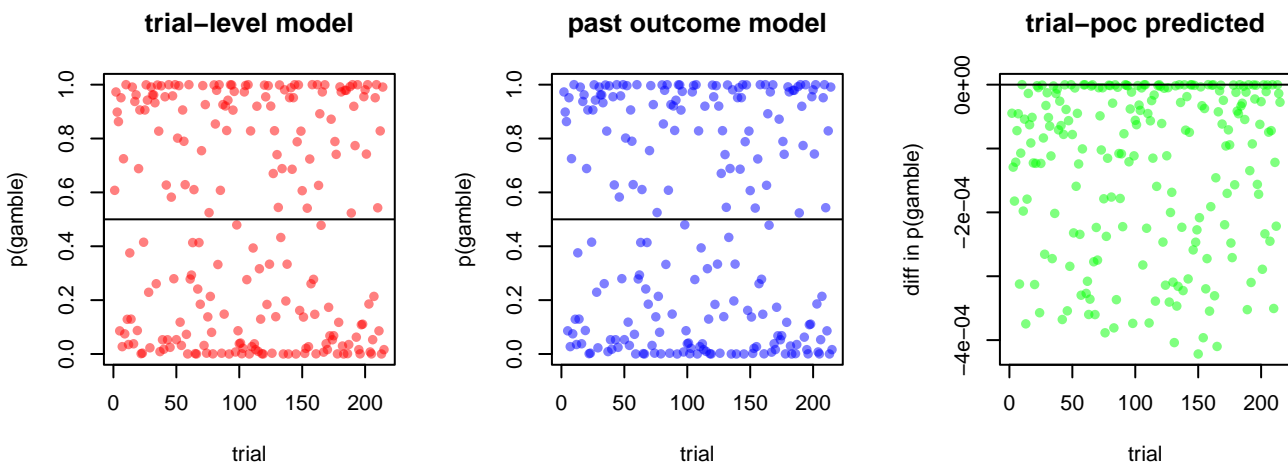

Predicted risk-taking: trial level vs. past outcome models, sub 30

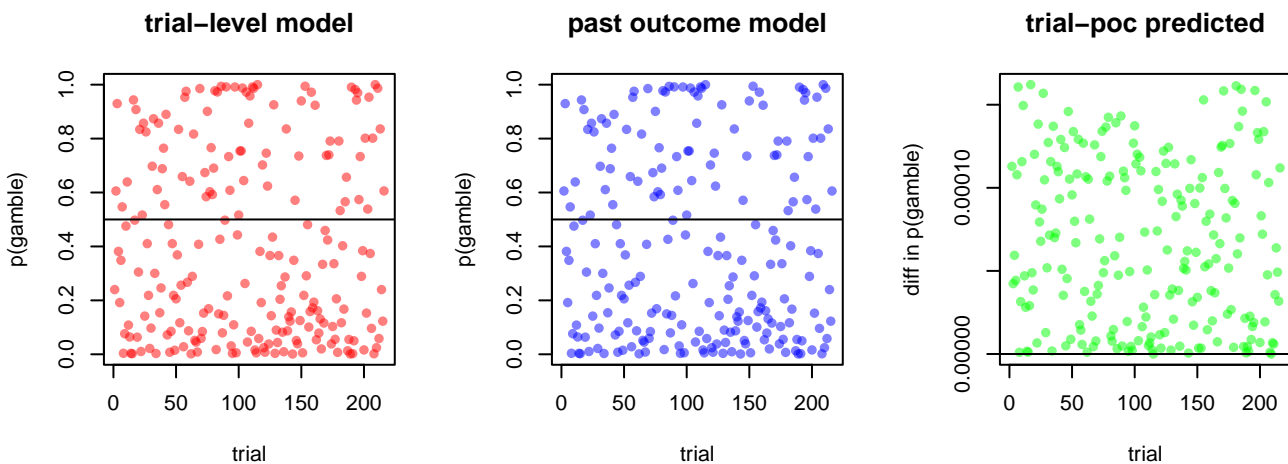

Predicted risk-taking: trial level vs. past outcome models, sub 31

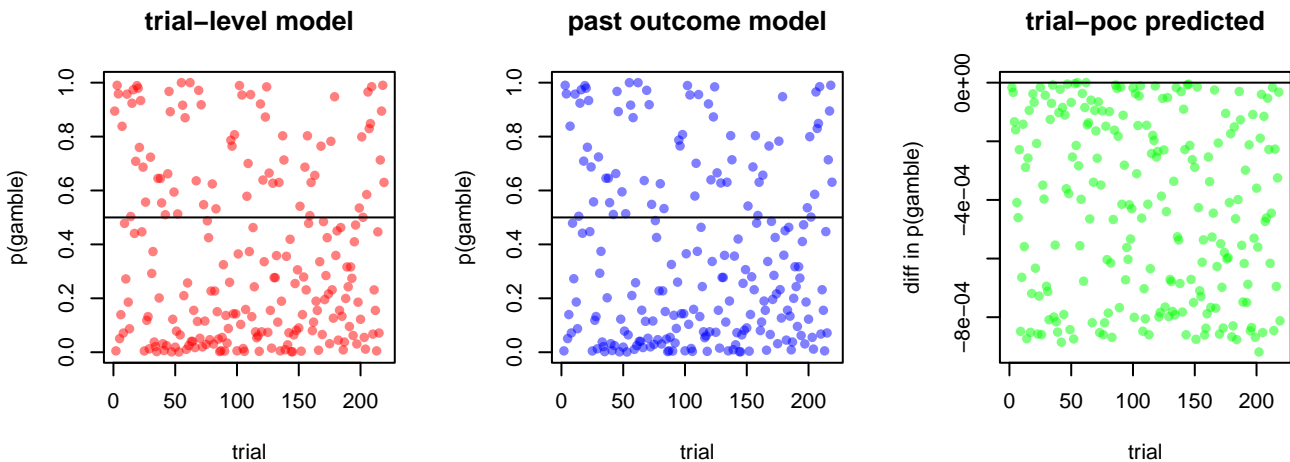

Predicted risk-taking: trial level vs. past outcome models, sub 32

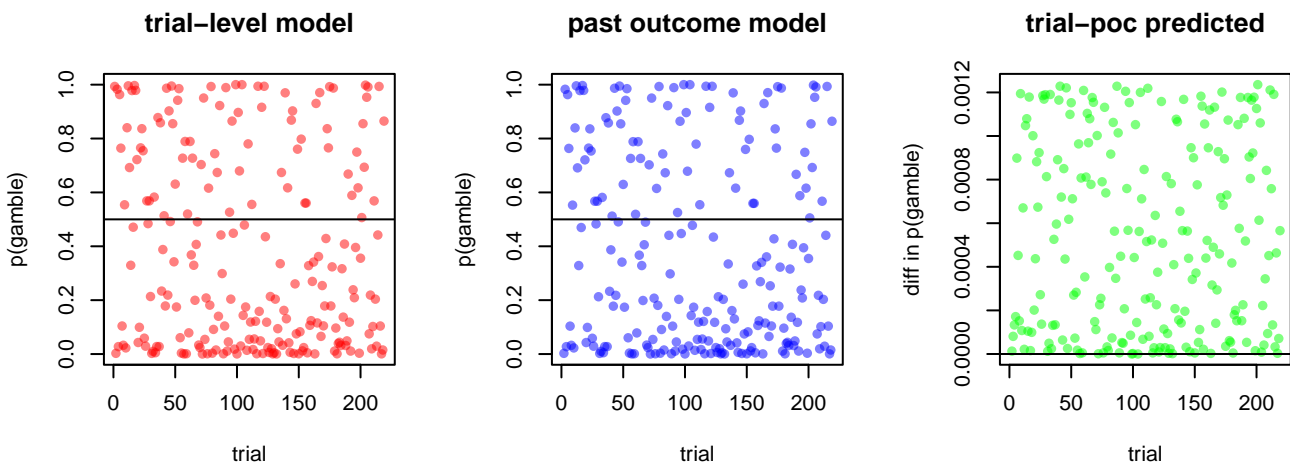

Predicted risk-taking: trial level vs. past outcome models, sub 33

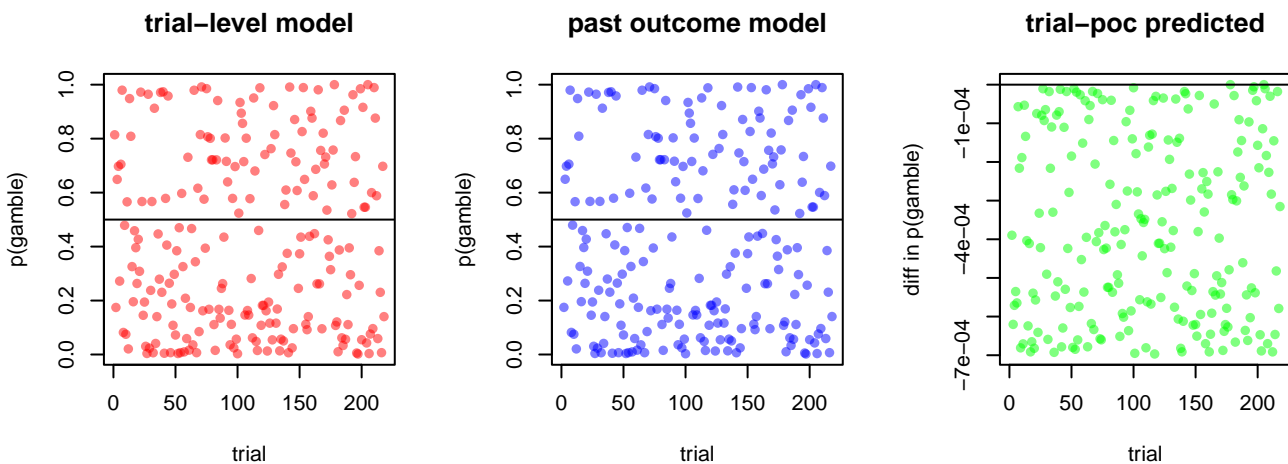

Predicted risk-taking: trial level vs. past outcome models, sub 34

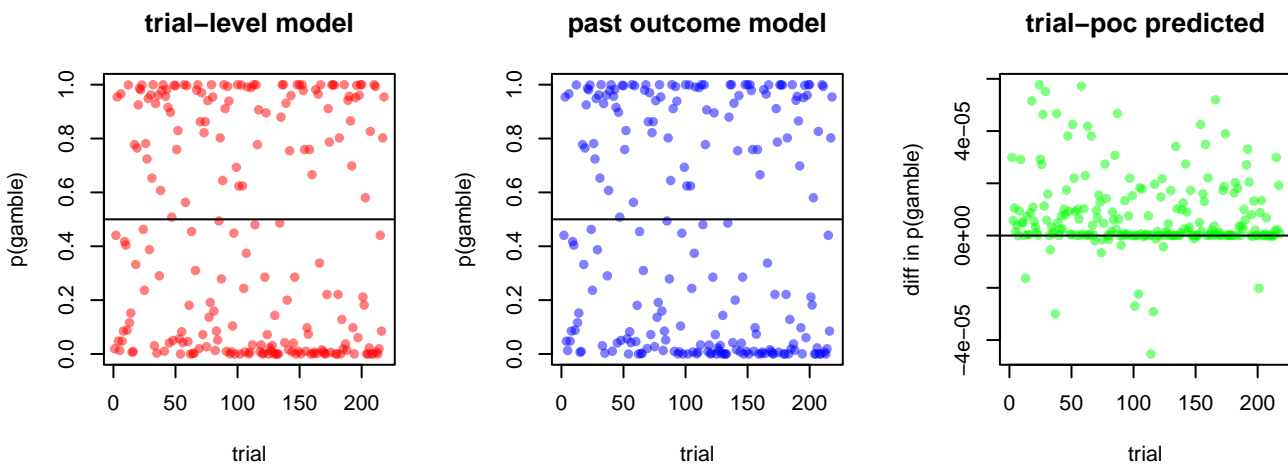

Predicted risk-taking: trial level vs. past outcome models, sub 35

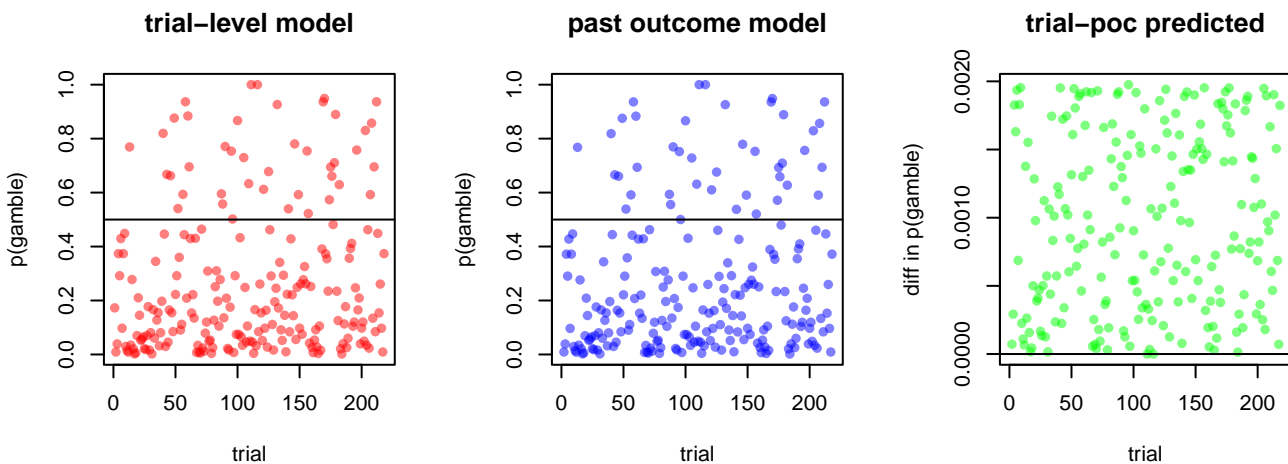

Predicted risk-taking: trial level vs. past outcome models, sub 36

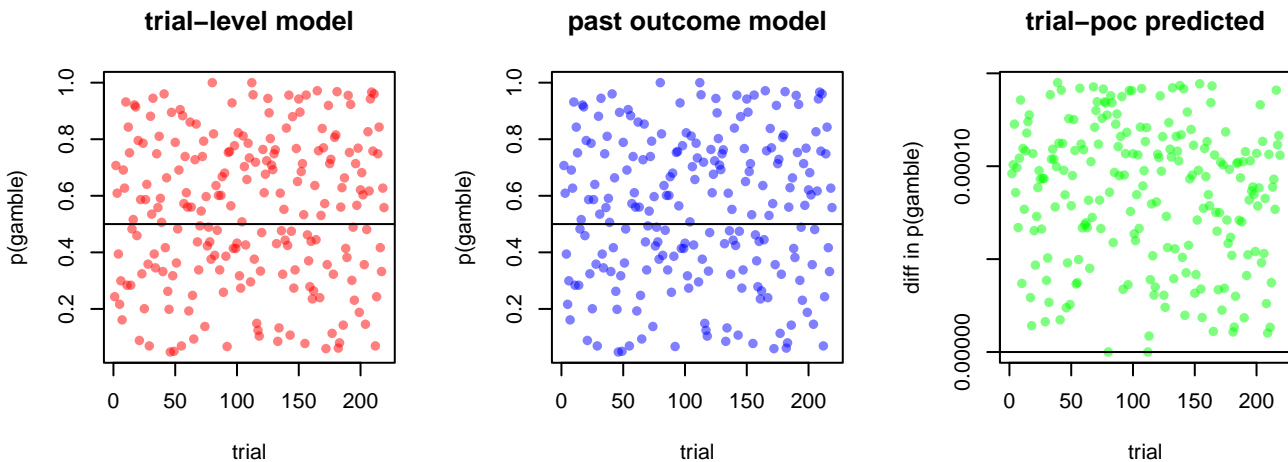

Predicted risk-taking: trial level vs. past outcome models, sub 37

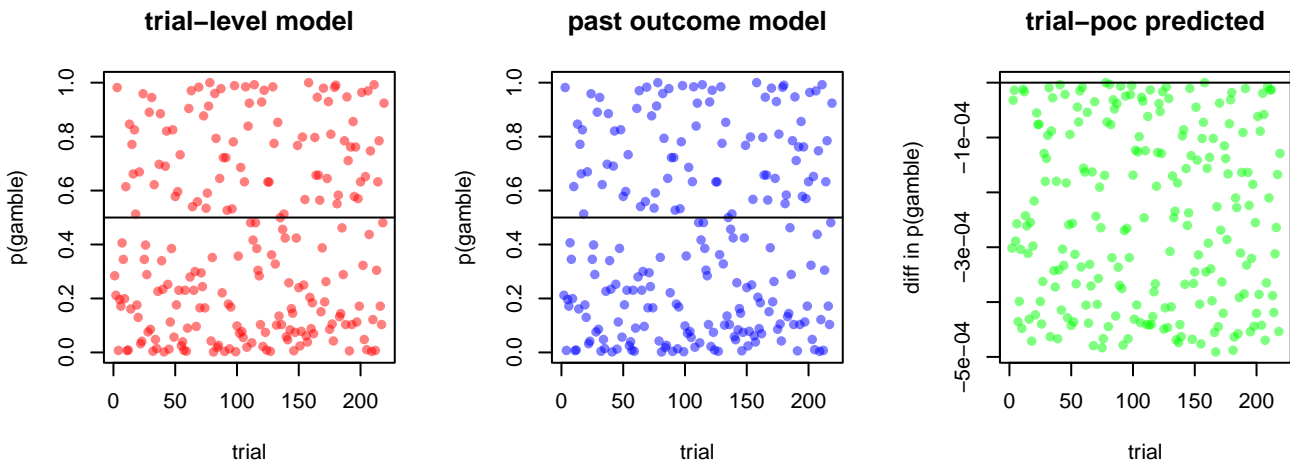

Predicted risk-taking: trial level vs. past outcome models, sub 38

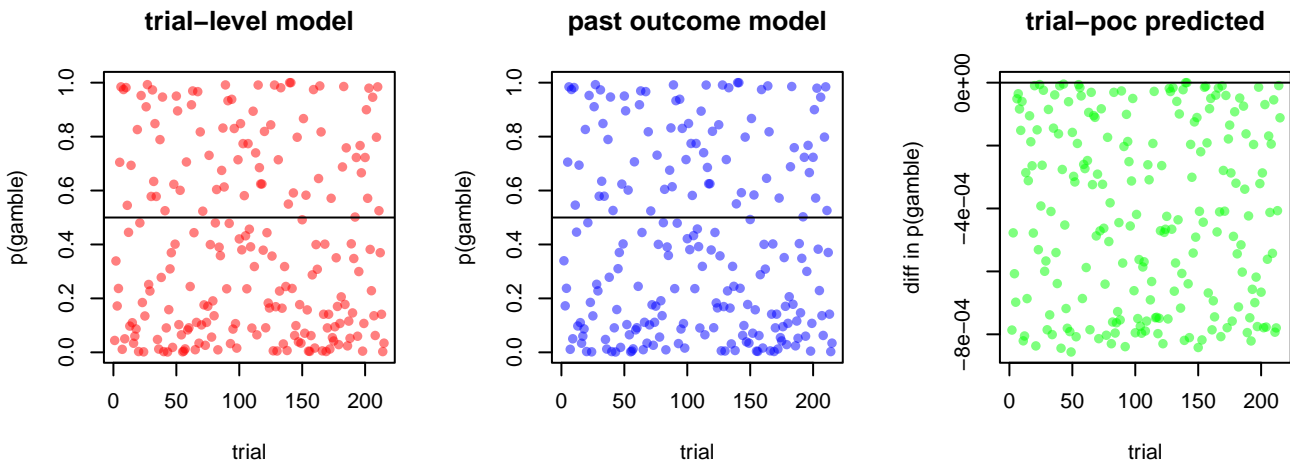

Predicted risk-taking: trial level vs. past outcome models, sub 39

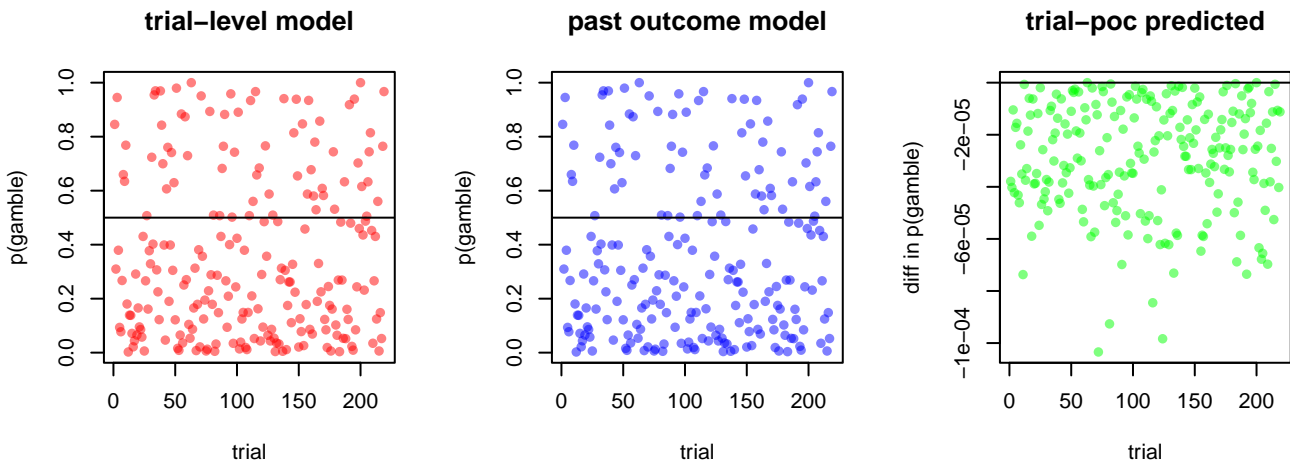

Predicted risk-taking: trial level vs. past outcome models, sub 40

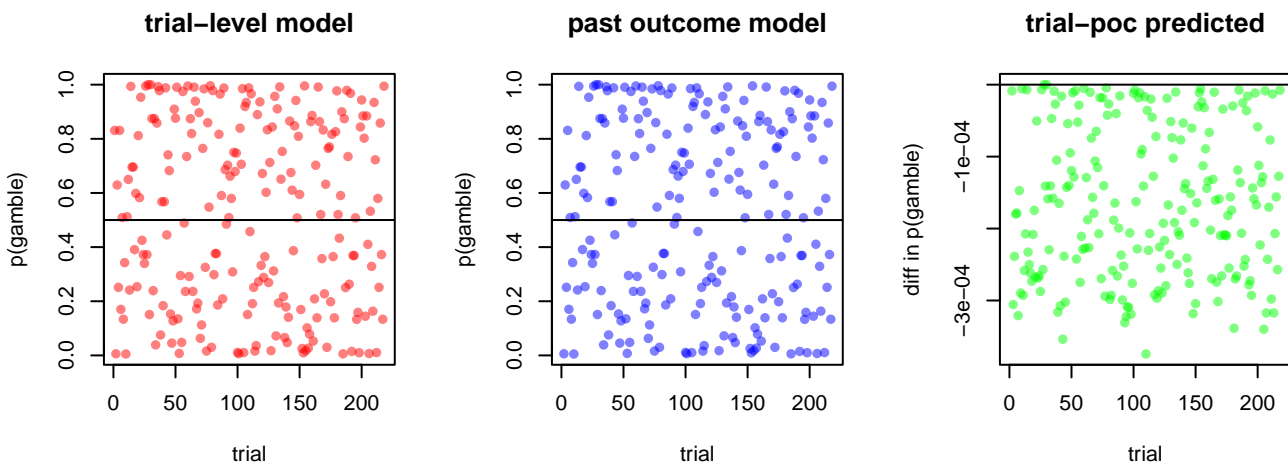

Predicted risk-taking: trial level vs. past outcome models, sub 41

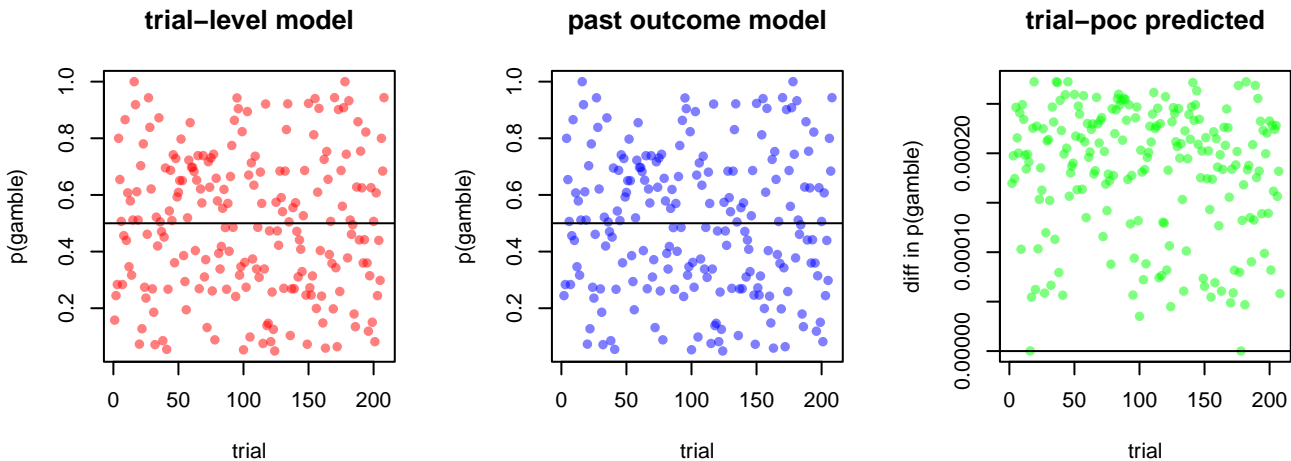

Predicted risk-taking: trial level vs. past outcome models, sub 44

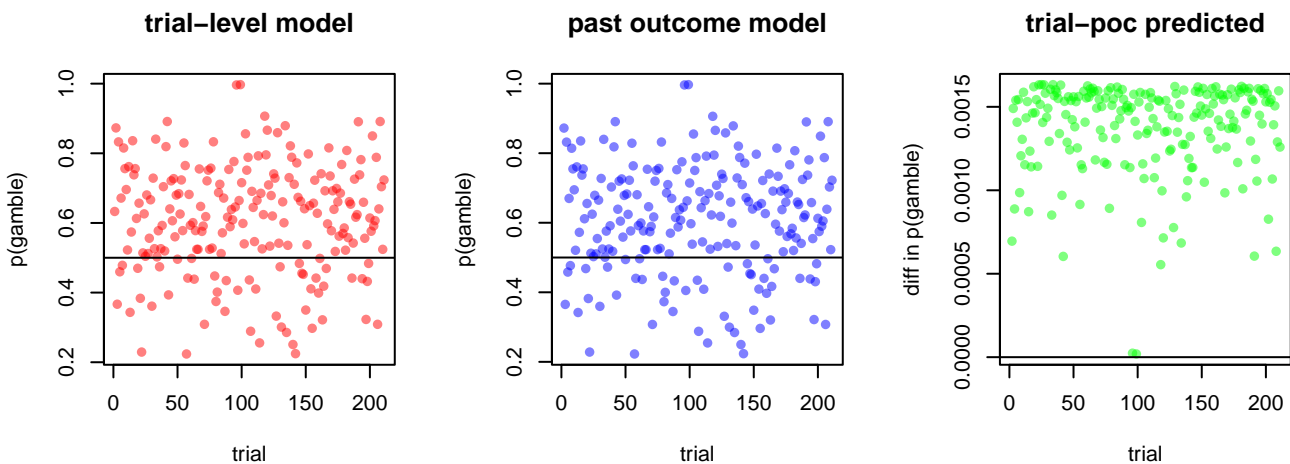

Predicted risk-taking: trial level vs. past outcome models, sub 45

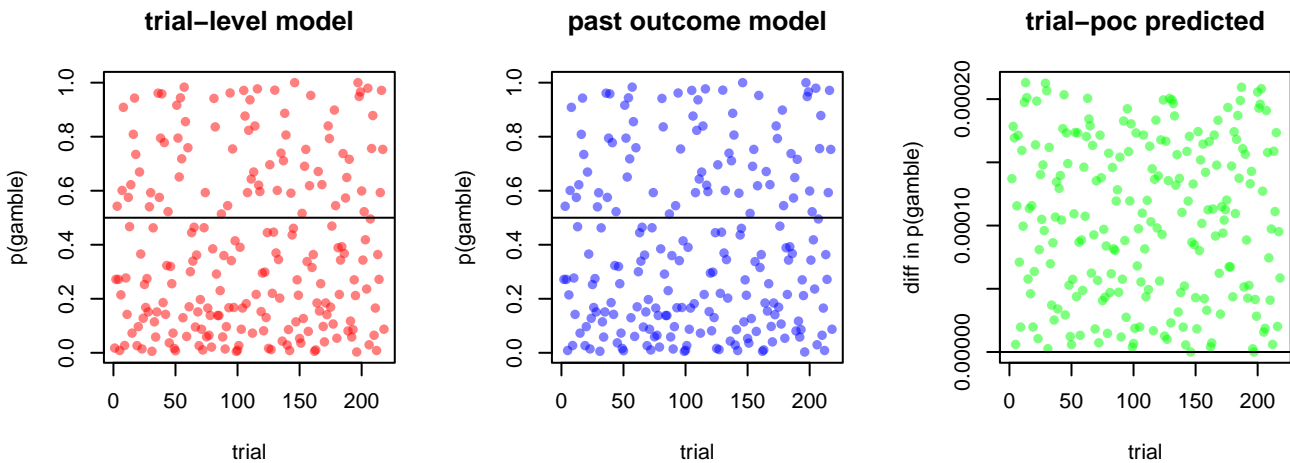

Predicted risk-taking: trial level vs. past outcome models, sub 46

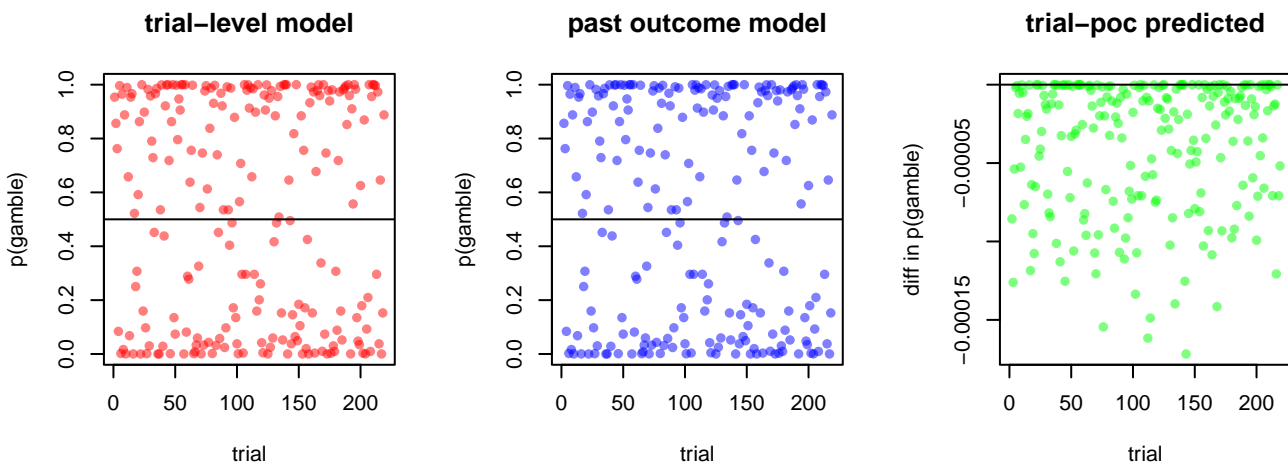

Predicted risk-taking: trial level vs. past outcome models, sub 47

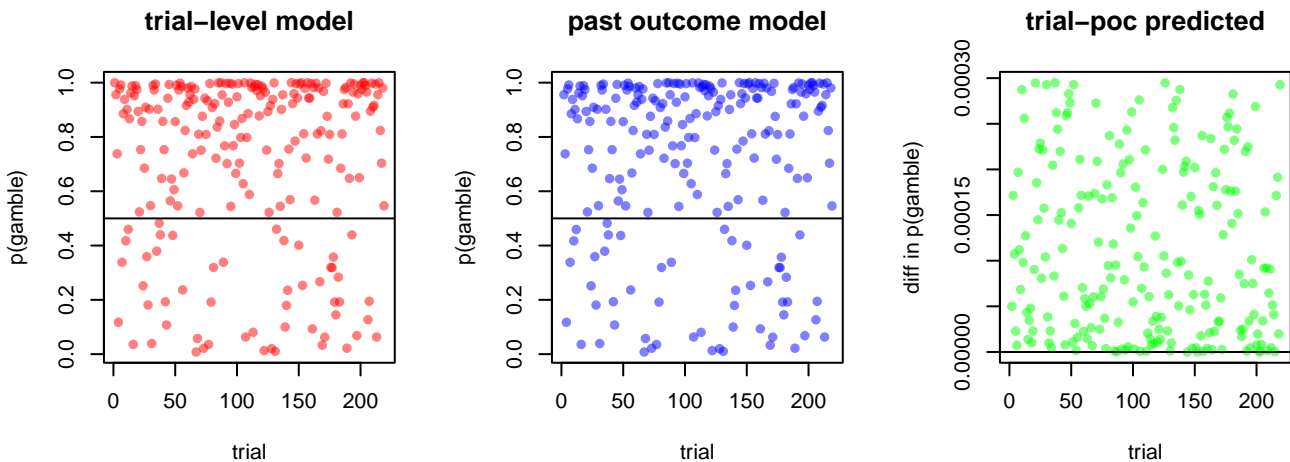

Predicted risk-taking: trial level vs. past outcome models, sub 48

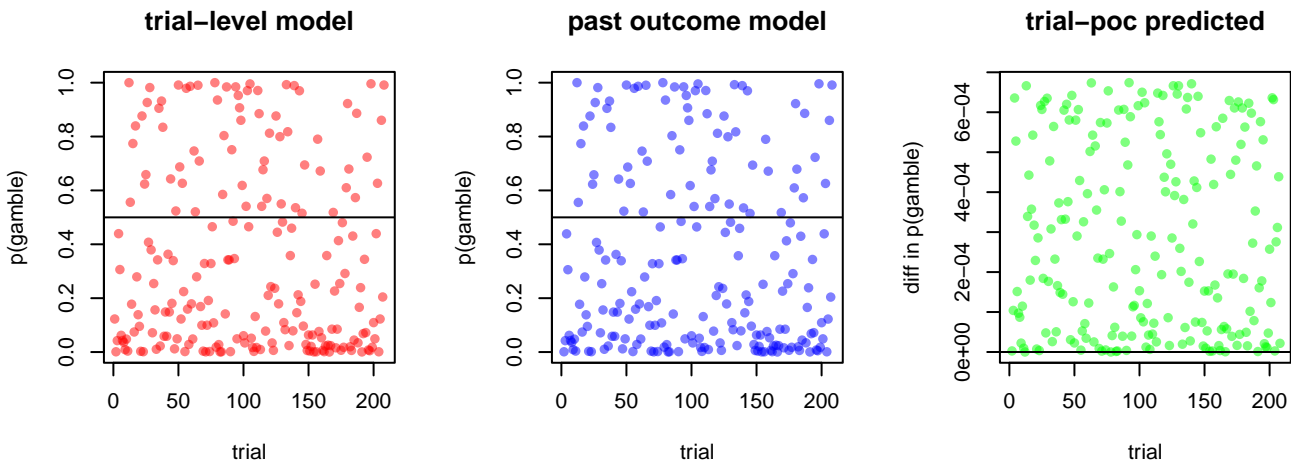

Predicted risk-taking: trial level vs. past outcome models, sub 49

Predicted risk-taking: trial level vs. past outcome models, sub 50

Predicted risk-taking: trial level vs. past outcome models, sub 51

Predicted risk-taking: trial level vs. past outcome models, sub 52
